

**myPay
Update Briefing
December 2005**

History

Steering Committee formed November 1997

- Used “Employee Express” as a model
 - DoD Original Partner
 - User Board consisting of 60 Federal Agencies

- Implemented March 2000
 - Civilian
 - Marine Corps
 - Military Retirees and Annuitants

- Implemented January 2001
 - Army, Navy, and Air Force

New name and look October 2002

What Is myPay?

- Uses Interactive Voice Response (IVR) and Internet/Web Based Technologies
- Allows DFAS Customers to Make Changes Directly to Their Own Pay Accounts in a Secure Electronic Environment
 - Available nearly 24 x 7

myPay - Provides Increased Security:

- Secure Socket Layer (SSL) Protocol w/128 Bit Encryption - secures data between user’s PC and myPay server
- Firewalls - Data secured (encrypted) between myPay server and host pay system (DCPS, DJMS, DRAS, MCTFS)
- Coordinated myPay security with Assistant Secretary of Defense Command, Control, Communications and Intelligence (C3I)
